Who we are

- ***I HELP Charitable Foundation*** was founded in February 2022 in response to Russia's full-scale invasion. We are a Ukraine-rooted organization supporting people affected by the war in Kherson, Mykolaiv, and Kyiv.
- Our team is composed of highly committed people who are in charge of project management, field logistics, and international cooperation. Our volunteer workforce reaches +125 people.
- Our mission is to provide people with the essential supplies and services to overcome the challenges of the war.
- We envision a future where every Ukrainian can live with freedom, dignity and thrive through self-reliance.

Why partner with I HELP

- Emergency response - Rapid aid distribution in hard-to-reach areas of the frontline.
- Community Trust - Endorsed by local authorities and communities.
- Accountability and Transparency - Performance reporting, legal and finance documentation.
- Proven Impact - Systematic work in the region of Kherson, with scalable models such as Social Taxi.

Flagship Projects

Humanitarian Assistance

Distribution of food and non-food items, including medicines, in conflict-affected communities in Kherson and Mykolaiv. To date, I HELP has distributed life-saving assistance to around 58,000 households (nearly 289,000 people).

Social Taxi: A ride for life

In areas where public transport is disrupted or unsafe, the Social Taxi serves as a reliable support for people with disabilities and elderly people living in war-affected villages of Kherson and Mykolaiv regions. Around 45 life-saving evacuations are conducted every month.

From Children of Kyiv to Children of Kherson

Through this initiative, 16,500 educational kits have been delivered to support children's learning in conflict-affected areas of Kherson. The effort is driven by a network of 34 nurseries and early education schools where school communities (children, parents, and staff) actively collect, prepare and deliver the supplies, strengthening community ownership and ensuring that assistance reaches learners who need it most. In addition, this collective action is directly contributing to improved school readiness, sustained attendance, and a more supportive learning environment for children living in high-risk conditions.

Veteran Family Space

In collaboration with the organization ***Return to Peaceful Life (Повернись до Мирного життя)***, this initiative aims to foster the reintegration of veterans and their families into community life after the profound challenges of war. This space provides a holistic environment that supports social connection and psychological resilience while promoting social cohesion, resilience-building, and long-term reintegration.

Our partners

I HELP engages with more than 10 local and international private sector companies, whose contributions sustain the organization's core humanitarian programmes. Since the launch of its operation in April 2022, and thanks to the support of its partners and the generosity of individual givers, I HELP has raised and managed approximately USD 200,000 in cash contributions and USD 1.3 million (58.7 million UAH) in-kind contributions.

Let's Build Recovery Together

Because every step we take brings Ukraine closer to dignity, resilience, and lasting peace.
